# <u>Questions for Capping</u>

1. Do we want to allow for participants to be able to go to classes on different days with different instructors?

2. Is there a unique identifier for the participants (Example: reference number, case number, etc.)?

3. Would you prefer targetted (1-10) questions about the participants in a forum (Example: On a scale of 1-10, how engaged was the participant)?

4. Do you want the application to be mobile-friendly?

5. Do we want to allow the judges/law enforcement officers to have direct access to the application so they can gather information immediately?

6. In the future, do you want the scope of the application to include more programs?

7. How can we improve upon the current intake packet (additional information, condensing information)?

8. Where did the first capping group fail and how could we succeed in those areas?
